LATE WINTER 2023

DANISH FOOTWEAR SINCE 1975

# DUCKFEET ARE FOR EVERYDAY EVERYWHERE EVERYONE

Headquartered in Denmark, Duckfeet footwear have been handcrafted in Europe without the use of synthetic materials for over 40 years. Duckfeet are simple, functional, and representative of mid-20th century Danish design. A wide footbed offers room for toes to move and air to reach the feet, keeping you comfortable all day long.

While the season of gift-giving has come and gone, Duckfeet season is still in full swing! Whether it's spending time in the great outdoors in Århus or relaxing by the fire in Grenå, our feet are staying toasty and happy all season long. You can always feel good in a pair of boots that are built to last.
